FSS Price List

SIN #	Test Order Code	Test Description	Tests Included	CPT Code	UOI	All-inclusive FSS Price with IFF
621-200	ExoDx™ Prostate (Intelliscore)	"ExoDx™ Prostate Test" (Intelliscore) is a non-DRE urine-based liquid biopsy test indicated for men 50 years of age and older with a PSA 2 – 10 ng/mL being considered for an initial prostate biopsy. A patient-specific risk score is calculated based on a proprietary algorithm that combines the weighted expression of a three-gene signature in exosomal RNA. A score above the cut point is associated with an increased likelihood of GS ≥ 7 PCa on subsequent biopsy. Physicians can utilize the result in conjunction with other standard of care prognostic information to determine whether to proceed with a tissue biopsy."	Single test	0005U	EA	\$751.52

Online access to contract ordering information, terms and conditions, up-to-date pricing, and electronic delivery order options are available through **GSA Advantage**, a menu-driven database system: www.GSAAdvantage.gov.
